

## Junior App Developer

**Would you like to take part in shaping the future of Mobile payment? Do you enjoy mixing app development and integration customer support? Then Crunchfish is the company you are looking for. We are currently growing our team and searching for a Junior App Developer.**

### **About you**

You have a master's degree in Computer Science or similar. Through your experience, you have a solid technical background, an agile mindset and have worked with iOS and Android development for at least 3 years. To be successful you need an open mindset with focus on collaboration and be quick to adapt to new circumstances. As a person, you are a positive team player that want to contribute to a work environment that is built on curiosity, creativity and care.

### **We would like you to have**

- 3+ years of software experience in iOS and Android development
- Ability to write clear, modular, maintainable code in Swift/Kotlin/Java
- Interest in best practices for iOS and Android development
- Passion for the quality of the software you design, deliver and maintain
- Knowledge on documenting SDKs/APIs for external use

### **Extras you might have**

- Experience in developing SDKs (or applications) for financial industry
- Experience with PKI and IT-security
- iOS and/or Android UI development (app) experience

### **What's in it for you?**

Working with Crunchfish is likely a great step in your career as you will be working hands-on in complex and fast-moving projects together with sharp brains and access to market-proven software and tools. Our sweet spot is in securing connections and payments between mobiles and as part of our team at Crunchfish, you will get to work hands-on with a variety of companies and industries worldwide with an initial focus in Sweden and India.

### **Welcome to Crunchfish**

Crunchfish is a deep tech company developing a Digital Cash platform for Banks, Payment Services and CBDC implementations and Gesture Interaction technology for AR/VR, automotive and digital interfaces. Crunchfish is listed on Nasdaq First North Growth Market since 2016, with headquarters in Malmö, Sweden and with representation in India.

### **Ready for the new challenge?**

The search- and selection process is ongoing so please submit your application by submitting your CV and your application to hiring R&D Director [rutger.petersson@crunchfish.com](mailto:rutger.petersson@crunchfish.com) as soon as possible.
